

# Friday, November 27: VCE 2010 DAY 2

This year, VCE information sessions will be spread over two days. Each day will have specific sessions in the morning and then individual teachers may ask for extra sessions in the afternoon if required.

Students in years 7 - 9 will attend classes as normal. Those students in year 9 who are studying any VCE classes next year will attend the sessions that are relevant to their classes. **All year 10 and 11 students (2009) must attend, in full school uniform, an information session for each of their classes next year.** If a student does not have a VCE class in any given block, the year 11's can spend the period in the VCE study room and the year 10's in the library.

Please note that staff allocated to provide the information are not necessarily the staff allocated to that class in 2010.

## Structure for the day:
